Weather

The weather in New Mexico is different across the varied terrain of the state. The northwestern area of the state is somewhat arid with a uniquely snowy winter to its elevation. Temperatures in this area range from 90's in the summer months to 20's in the winter. The spring and fall months are very nice with cooler temperatures in the morning and at night, and warmer 70's during the daytime. The northern and eastern regions of the state have more extreme conditions due to the mountains and valleys that make up some of the most beautiful parts of the state. The southern portions of the state are more desert with more consistent weather patterns of rainy season and dry hot months.

Cultures and History

New Mexico boasts twenty-two Native American tribes. As a result of this high number of Indians populating the state, New Mexico has a unique history and heritage of family and family groups. In addition to a large Indian population New Mexico is home to the largest number of historically significant Hispanic settlements in the US. The vibrant Latin influence mingled with the deep American Indian heritage establishes New Mexico as our most colorful state in the US in language, art, food, and history.

Location

Our work is beginning in small Indian churches located on or near the Navajo Nation and smaller Pueblo Indian pueblos/reservations. The Navajo Nation is the largest reservation in the US with acreage larger than 10 of the 50 US states and a growing population of more than 250,000. Our Partnership is through the Baptist Convention of New Mexico association and churches scattered across the state from Albuquerque to Gallup and from Farmington to Taos.

Religion

The most prominent religion on the reservations is traditional indigenous cultural foundations with ancestor worship as well as Catholicism. There are only a few Christian churches on the Navajo reservation. There are no churches on Pueblo or Zuni land. Due to the Spanish colonization of the region Catholicism is present in most every community throughout New Mexico. There is a growing awareness among the Christ-followers in New Mexico of the need for evangelism and outreach in a relational manner.

Children

One Way Ministries welcomes families to the mission field. Due to safety concerns, only children ages 8 and over are allowed on trips. Children ages 8-11 must have a parent and/or legal guardian in a supervisory position on the trip as well. Consideration will be made on a per trip/per family basis for younger children when a family is planning to join a ministry team together. Children must be able to obey their parents the first time in order to be considered.

Custom Trip Cost

A custom trip is defined as a trip outside of the established schedule. This type of trip can be tailored to your group's needs and schedule. The minimum group size is 30 but smaller groups may combine to form a larger group or may pay on a sliding scale (below) based on number of participants:

30+ participants: \$350 per person
25-29 participants: \$400 per person
20-25 participants: \$500 per person
15-19 participants: \$650 per person

The payment schedule is the same as the one listed above under “Cost.”

Project Funding

Various projects (including new home construction, block parties, recovery efforts, etc) require additional funding from outside sources. While One Way Ministries attempts to raise money from private sources including grants and individual donations, we encourage groups to sponsor projects as well. Any additional funds brought to the project by an organization will be designated for that particular project. We encourage each group to raise above and beyond their personal cost in order to make a more effective impact on the people that they are ministering to during the trip.

Housing

While in New Mexico, there is a variety of lodging used for groups. The housing ranges from primitive (sleeping on the floor in local churches or schools) to basic (sleeping bag on a bed in a retreat center) to hotel-type accommodations. Housing is dependent on the location. All participants will be informed of the housing/restroom accommodations prior to the trip.

Food

Breakfast will be served at the local lodging site. Generally, we will have a brown bag lunch with sandwich, chips, fruit and drink. Food will range from everyday American fare to local favorites. Anyone with a food allergy should indicate such on the medical form. The staff of OWM will attempt to accommodate any known food allergies.

Transportation

Most teams will be operating out of the Albuquerque airport. Several airlines service the Albuquerque Airport (ABQ) including Southwest, Delta, American and United.

Travel to New Mexico is the responsibility of the mission trip participants. Groups are responsible for their own transportation on the ground as well as fuel for the vehicles during the trip. (NOTE: Locations for ministry may be 1-1 ½ hours away from where we are staying. Thus, your group could be traveling for 3 hours a day.) Groups may choose to either drive to New Mexico and use their vehicles throughout the trip or rent vehicles in Albuquerque, transport themselves to the ministry site and use these vehicles throughout their trip. Auto insurance is required for all vehicles.

OPTIONAL: Travel arrangements (including airfare, rental vehicles, gas and insurance) can be arranged by One Way Ministries for an additional cost per person. Please contact 1WM for adjusted deadline and deposit information based on travel restrictions and requirements.
